Collaboration Guide

Directions: Listen to each of your classmates share about their theme. As they share, think about how your group’s historical research works together to answer this question: *How was Native American culture transformed by contact with Europeans, and what impact did these transformations have on the Native Americans?*

As you listen and think, collect your ideas in the chart below:

written versus oral	climate of fear and violence	horses and guns
<i>How was Native American culture transformed by contact with Europeans, and what impact did these transformations have on the Native Americans?</i>		
assigned lands	chasing gold and building railroads	broken treaties

Once everyone in your group has shared, work collaboratively to craft an answer to this question: *How was Native American culture transformed by contact with Europeans, and*
