

HON. ROBERT D. CAREY

Republican Candidate For Gov. of Wyo.

So many kind words have been said about Robert D. Carey in his candidacy for governor on the Republican ticket, that it hardly seems possible to add to his honorable mention.

The high vote given him at the primaries indicated the esteem in which he is held and of which he is deserving. Mr. Carey is a man of high honors and principles, and his life's record in Wyoming is an open book.

He was born August 12, 1878. He attended the public schools of Cheyenne, later going to Yale University, from which he graduated in 1900. Returning to Wyoming he went to Careyhurst to make his home, taking charge of the S O ranch at that place.

His interests were centered in farming and irrigating and under his guiding hands in a few years was successful in doubling the acreage in crop on those lands. During this time he made many improvements in the Big Muddy and Casper ranches, which were under his charge. His success in farming has been such that it will be possible for him to lend great assistance to legislation which may be for those interests, especially irrigation. He has since continued to be the active head of that big farming enterprise.

As an indication of his success as a farmer the evidence comes from California, where a number of years ago he sent an exhibit of twenty varieties of Wyoming grain to the National Irrigation Congress in Sacramento, which won first prize for individual collection, in competition with California and other great western states. He also won first prize on a grain exhibit sent to the St. Louis Exposition.

As a breeder of purebred cattle he has made a success, taking first prize with a Hereford herd he sent to the Denver livestock show a few years ago. No one else was entitled to credit for this exhibit as the animals were bred and raised on the Careyhurst ranch.

He has found time aside from his farming duties to take an interest in various public movements, and for two years, 1909 and 1910, was president of the state board of fair commissioners, and each year succeeded

in holding down the efficiency to a sum less than in any other years on conducting a state fair in Wyoming.

Robert D. Carey possesses rare executive ability and his life's training has been along those lines which qualify him to make a good governor. His own personality has made him hosts of friends who are legion, and in voting for Robert D. Carey the people of Wyoming will have an opportunity to support a man native to the soil, clean, wholesome and talented.

If elected governor he will have no "certain interests" to protect, and will be the tool of no class or organization. He will be governor for the better interests of the state, and his record will reflect to his future residence within our state, where he is a heavy taxpayer, and where he expects to continue his home for the future.

Mr. Carey is entitled to the vote of all Republicans and of all electors desiring good government, and in making his administration more successful, the balance of the officers on the state ticket should be elected for they form his cabinet which is responsible for the proper handling of the work of the various state boards and commissions.

BUY BONDS.

Saturday Last Day of Liberty Loan Drive.

The Liberty Loan Committee report that subscriptions to the amount of one hundred and thirty thousand, eight hundred dollars had been received up to the close of business October 15th. They have been unable to get the figures of the railroad subscriptions, but they are expected to equal the amount of the Third Liberty Loan of sixty-three thousand dollars.

The quota for Uinta County is two hundred and eight thousand, which leaves twenty-five thousand dollars to be secured between now and Saturday night. On account of the influenza epidemic, they have been handicapped and not able to hold meetings, and have had to conduct most of the bond selling campaign by letter writing. For the convenience of those who have not subscribed or who wish to increase their subscriptions, the office on the Committee, at Mr. Spaulding's office, will remain open Saturday afternoon and evening, that being the last day of the drive.

Everyone should endeavor to increase a little and help the loan go "over the top." Help give the Kaiser the "knockout blow!"

We received a letter today from Mrs. Sarah Roy, who is at Holleywood, Cal., which stated that they were all well.
